

## The (IRAD) International Registry for Acute Aortic Dissection

Status: Recruiting

### Eligibility Criteria

This study is NOT accepting healthy volunteers

### Conditions & Interventions

**Conditions:**

Aortic Dissection

**Keywords:**

aorta, dissection, feature

### More Information

**Description:** The International Registry of Aortic Dissection (IRAD) was created in 1996 by cardiovascular specialists committed to expanding current knowledge of aortic dissection with the goal of improving patient outcomes. This registry study uses a standardized form to capture data from consecutive patients with aortic dissection at participating hospitals.
