

## Monoclonal Gammopathy and Amyloidosis Registry and Biobank (MGARB)

**Status:** Recruiting

### Eligibility Criteria

**Sex:** Male or Female

**Age Group:** 18 years and over

This study is NOT accepting healthy volunteers

**Inclusion Criteria:**

- diagnosis of monoclonal gammopathy or amyloidosis

---

**Exclusion Criteria:**

- unable to speak English

### Conditions & Interventions

**Conditions:**

Rare Diseases

**Keywords:**

Clinics and Surgery Center (CSC), amyloidosis, monoclonal gammopathy

### More Information

**Description:** The purpose of this study is to establish a registry and biobank to study monoclonal gammopathy and amyloidosis. We aim to understand better the changes these diseases cause, the symptoms they present, and the clinical progression to be able to better prevent them and treat them in the future.

**Study Contact:** Kristina Nasr - knasr@umn.edu

**Principal Investigator:** Sabine Karam

**IRB**

**Number:** STUDY00018498
