- at least 18 years old - diagnosis of advanced stage (stage 4/ metastatic/ unresectable/ incurable) solid tumor - receiving treatment with oral or intravenous systemic agents (chemotherapy, immunotherapy, targeted agents) - treated at MHealth Fairview

Conditions & Interventions

Conditions:

Cancer

Keywords:

Cancer

More Information

Description: We are hoping to gain a better understanding of what patients with cancer, their care givers, and clinicians value and how they make decisions regarding different treatment options. We are interested in your opinion since you understand what it is like for people to undergo cancer treatment. You will be asked a series of questions that will take about 30 minutes.
