

Project GRaNoLA (Gender Role and Norm: Learning and Accepting)

Status: Recruiting

Eligibility Criteria

Sex: Male or Female

Age Group: Up to 18 years old

This study is also accepting healthy volunteers

Inclusion Criteria:

- children between 5 and 10 years old - able to understand and speak English

Exclusion Criteria:

- history of developmental disorders, language delays/disorders, or vision or hearing impairments

Conditions & Interventions

Conditions:

Children's Health

Keywords:

Children, Cognitive Development, Learning, MNFair

More Information

Description: This study is exploring how children understand and form opinions about differences in how adults express their gender through appearance, speech, and behavior. Researchers are interested in learning how children think about gender expression and whether their perceptions vary based on different aspects of how gender is represented.
