

D2D: Normative Benchmarks and MP Collapse Indicators for Dynamic Thumb Stability: Findings from the Hoover Collapse Test

Status: Recruiting

Eligibility Criteria

Sex: Male or Female

Age Group: 18 years and over

This study is also accepting healthy volunteers

Inclusion Criteria:

- ages 18 years or older - able to perform a pinch with at least one hand

Exclusion Criteria:

- have central or peripheral nervous system conditions affecting hand function - have had hand or wrist surgery, fixed contractures, or pain that prevents pinch performance

Conditions & Interventions

Conditions:

Arthritis & Rheumatic Diseases, Bone, Joint & Muscle

Keywords:

Exercise, hand function, instability, rehabilitation, Thumb arthritis, MNFair

More Information

Description: Curious about your pinch strength? Take part in a short thumb test and help researchers at the Minnesota State Fair Research Building learn more about hand function.
